PROGRAM ADMISSION PACKAGE

DEAR APPLICANT,

Greetings and thank you for your interest in the <u>Postgraduate Gerontological Nursing</u> <u>Program</u> at Selkirk College.

Whether you work alongside individuals, families or communities, this program will give you the tools and skills to meet the complex physical, social, environmental, cognitive and spiritual needs of the elderly. After successful completion of the first year of the program you can apply to become a Health Care Assistant and start working in the Canadian health care system.

If you have any questions, you can contact the Enrolment Officer or visit the frequently asked questions page online.

Sincerely,

IMMUNIZATION REQUIREMENTS AND GENERAL INFORMATION

- 3. Diphtheria, Pertussis, Tetanus: Primary series, and reinforcing immunization for Diphtheria and Tetanus if more than 10 years have elapsed since previous immunization; one reinforcing dose for Pertussis is required in adulthood. (There may be a cost associated with this.)

- 5. Rubeola (Measles): two doses of live, attenuated vaccine, if born after 1957 or serological test indicating immunity.
- 6. Rubella: one dose live, attenuated vaccine, if born on or after January 1, 1957 or serological test indicating immunity.
- 7. Mumps: one dose of vaccine if born between 1957 to 1969 (inclusive), or two doses if born on or after January 1, 1970.
- 8. T.B. Testing: **Please complete your TB skin test no sooner than six months prior to your first clinical placement.** If you are unsure about your clinical dates, check with your program coordinator/instructor for clarification regarding when to complete the TB testing.
